YOU'RE INVITED TO OUR FIRST  
LEADERSHIP SEMINAR!

## LEVELING UP - WHAT TO EXPECT

*This first leadership seminar is FREE to attend. The class is capped at 20 student-athletes so first come first served!*

Outline: Middle schoolers will hear from a panel of high school girls on the topic of how to balance athletics and academics; high schoolers will learn from college and post-collegiate athletes to hear what factors helped them decide on a college and how sports shaped their career choices. Parents are also invited for a break-out session for a question and answer session regarding how to help your daughter balance school and sports (scheduling and calendars), how to avoid being a helicopter parent (letting go and empowerment), and what to expect at the next level (changing schools, recruiting, college applications).
